

First Climate is one of the prime Carbon Asset Management firms in Europe. We are a leading provider of carbon offset services, trading and advisory, with a strong global market presence in sourcing and procuring carbon credits.

To strengthen our team, we are looking for:

Project Managers

Position located in Bad Vilbel/Frankfurt (Germany) or Zurich (Switzerland)

As part of the CDM/JI/VER Origination Unit, your main tasks will be the origination of CDM projects and risk assessment.

Key Responsibilities

- Identify and pre-screen CDM project opportunities worldwide
- Conduct methodological and CDM-related assessment of projects
- Execute due diligence (financial, technical, counterparty, CDM)
- Support contracting processes
- Develop projects (CDM cycle, all stages)
- Represent the company at conferences, exhibitions, publications, etc.
- Develop further and support the project transaction data base (20%)

Specific Requirements

You are a highly self-motivated talent, possessing excellent communication and negotiation skills in at least one language besides English. You have proven your ability to work on a technical level. A minimum of 2 years working experience with CDM projects and an in-depth understanding of the Carbon Market is expected. Experience in PDD and/or methodology development is considered a plus. You are a team player with good analytical and problem solving skills.

To Apply

Please send your electronic application to the Head Human Resources Management
