

First Climate is one of the prime Carbon Asset Management firms in Europe. We are a leading provider of carbon offset services, trading and advisory, with a strong global market presence in sourcing and procuring carbon credits.

To strengthen our team, we are looking for:

Project Manager CIS

Position located in Zurich (Switzerland) or in Bad Vilbel/Frankfurt (Germany)

As part of our Carbon Asset Development department, your main task will be origination and risk assessment of CDM/JI projects in the countries of the Commonwealth of Independent States (CIS). Having good local contacts in the CIS, you will not only be responsible for sourcing from already established CDM/JI projects, but also for identifying and developing opportunities for future projects under the Kyoto Protocol and other CDM/JI related opportunities.

Key Responsibilities

- Identify and pre-screen CDM/JI opportunities in CIS countries
- Conduct methodological and CDM/JI related assessment of projects
- Execute due diligence (financial, technical, counterparty, CDM/JI)
- Support project contracting processes
- Represent the company at conferences, exhibitions, in publications, etc.

Specific Requirements

You are a highly self-motivated talented professional, possessing excellent communication and negotiation skills, as well as being fluent in English and Russian. Knowledge of other regional languages is a benefit. You have proven your ability to work on a technical level. A minimum of 2 years work experience with CDM or JI projects and an in-depth understanding of the Carbon Market is essential. Experience in PDD and/or methodology development and good contacts to local industry and authorities is considered a positive. You are a team player with good analytical and problem solving skills and are willing to undertake considerable travel (up to 40%).

To Apply

Please send your electronic application to the Head Human Resources Management:

Linda Manieram
