

**First Climate is one of the prime Carbon Asset Management firms in Europe. We are a leading provider of carbon offset services, trading and advisory, with a strong global market presence in sourcing and procuring carbon credits.**

To strengthen our team, we are looking for:

## Director - Project Risk

*Position located in Zurich (Switzerland)*

You will lead and build up the team that is responsible for assessing and managing risks related to the origination of carbon credit transactions.

### Key Responsibilities

- Develop and update criteria and tools for risk assessment of carbon credit projects
- Train origination team in the application of criteria and tools
- Support due diligence activities in given projects
- Control overall management of project risks

### Specific Requirements

You hold a university degree in Engineering or Science (Masters or equivalent). Your team leading experience and a minimum of 10 years working experience in Risk Assessment and Management is accompanied by a profound understanding of the Carbon Market. Proficiency in English is a must, working knowledge in two other languages an advantage.

### To Apply

Please send your electronic application to the Head Human Resources Management
