

**First Climate is one of the prime Carbon Asset Management firms in Europe. We are a leading provider of carbon offset services, trading and advisory, with a strong global market presence in sourcing and procuring carbon credits.**

To strengthen our team, we are looking for:

## **Senior Manager Carbon Credit Development**

*Position located in Zurich (Switzerland)*

You will lead and build up the team responsible for carbon credit development under the Flexible Mechanisms of the Kyoto Protocol.

### Key Responsibilities

- Manage and communicate information related to CDM/JI regulation
- Develop internal procedures and standards for PDD development
- Develop internal procedures and standards for monitoring projects
- Provide CDM/JI training and support the global origination team
- Develop CDM methodologies

### Specific Requirements

You hold a university degree in Engineering or Science (Masters or equivalent). You can demonstrate at least 10 years working experience, in-depth knowledge of the Carbon Market and the ability to lead a strong team in a complex market environment. You have proven your ability to develop and write CDM methodologies and PDDs. You are a highly self-motivated and communicative individual with several years experience in leading a team. Proficiency in English is a must, working knowledge in two other languages an advantage.
