

With more than twenty years of experience and over 500 large and medium sized customers, First Climate is among the leading service providers in green energy, climate neutrality and water sustainability worldwide.

To strengthen our team, we are looking for:

Senior Advisor (f/m/x), Natural Climate Solutions (NCS)

Position in Zürich (Switzerland) or Frankfurt am Main/Bad Vilbel (Germany)

Start: October 2020 or upon agreement

As a leading provider of carbon offset solutions, First Climate is actively involved in the development and implementation of projects to preserve and increase carbon stocks in forests, soil and other ecosystems. As a member of our Natural Climate Solutions (NCS) team, you will play a key role in sustainable NCS projects benefiting the global climate and their local environment, with a special focus on activities in Latin America.

Your Responsibilities

- Source and assess NCS activities
- Negotiate contracts
- Author project design documents and manage the carbon certification cycle
- Coordinate the development and implementation of NCS activities
- Advise our clients on their NCS strategies

Your Profile

You have a Master's degree in forestry, agronomy or environmental sciences and at least 3 years of professional experience in NCS, including calculation and certification of carbon removals. You have expertise in tools and methodologies to monitor land use, including GIS and remote sensing. You are a self-motivated individual with entrepreneurial spirit, enjoy working in intercultural teams and are fluent in English and Spanish.

Our Offer

- Responsibility in a growing, competent and enthusiastic team
- An entrepreneurial, creative environment
- Diverse and demanding tasks
- A place to grow your expertise in a dynamic market with an international focus
- Sustainability and impact as core drivers

Your Application
